

Duplicate submissions to BanglaJOL Medical Journals

(Date: May 20, 2020)

Journal name	Submission 1	Submission 2
Asian Journal of Medical and Biological Research	Plasma Therapy in the fight against Sars-CoV-2: what boils the pot.: An overview regarding a possible therapy	
Bangladesh Critical Care Journal	Plasma Therapy in the fight against Sars-CoV-2: what boils the pot.: An overview regarding a possible therapy	
BIRDEM Medical Journal	Plasma Therapy in the fight against Sars-CoV-2: what boils the pot.: An overview regarding a possible therapy	New Oral formulation glucagon-like peptide 1 (GLP1) semaglutide
Bangladesh Journal of Infectious Diseases	Active agents of Renin Angiotensin System and SARS-CoV-2	
Bangladesh Journal of Medicine	Plasma Therapy in the fight against Sars-CoV-2: what boils the pot.: An overview regarding a possible therapy	
Bangladesh Journal of Neurosurgery	Clinical pharmacology aspects of patients treated with TNF inhibitors during SARS	The added value of pirfenidone to declare war on inflammation and fibrotic state induced by SarsCov 2
Bangladesh Journal of Pharmacology	Active agents of Renin Angiotensin System and SARS-CoV-2	Clinical and pharmacological analysis of Sars Cov 2: how combination therapy makes checkmate
Bangladesh Medical Journal	Are multiple sclerosis therapies safe in SARS-Cov-2 times?	Clinical and pharmacological analysis of Sars Cov 2: how combination therapy makes checkmate
Bangladesh Medical Journal Khulna	Plasma Therapy in the fight against Sars-CoV-2: what boils the pot.: An overview regarding a possible therapy	
Bangladesh Medical Research Council Bulletin	Plasma-therapy for the treatment of patients Sars-cov-2	
Bangladesh Pharmaceutical Journal	What do we know about the correlation between RAS and SARS-Cov-2 infection?	Clinical and pharmacological analysis of Sars Cov 2: how combination therapy makes checkmate
Dhaka University Journal of Biological Sciences	Clinical pharmacology aspects of patients treated with TNF inhibitors during SARS	The added value of pirfenidone to declare war on inflammation and fibrotic state induced by SarsCov 2
International Current Pharmaceutical Journal	The strong correlation between RAS and Sars-CoV-2: pharmacological analysis and hypothesis	

IMC Journal of Medical Science	The strong correlation between RAS and Sars-CoV-2: pharmacological analysis and hypothesis	Plasma Therapy in the fight against Sars-CoV-2: what boils the pot.: An overview regarding a possible therapy
Journal of Dhaka Medical College	Plasma Therapy in the fight against Sars-CoV-2: what boils the pot.: An overview regarding a possible therapy	
Journal of Medicine	Plasma-therapy for the treatment of patients Sars-cov-2	What do we know about the correlation between RAS and SARS-Cov-2 infection?
Mediscope	Clinical and pharmacological analysis of Sars Cov 2: how combination therapy makes checkmate	
Medicine Today	Clinical and pharmacological analysis of Sars Cov 2: how combination therapy makes checkmate	
Northern International Medical College Journal	Clinical and pharmacological analysis of Sars Cov 2: how combination therapy makes checkmate
